

After One Day With You (C)

C **Am** **F** **C**
Someone cares for me when nights are long.
Em **Am** **Dm** **G**
Someone loves me even when I'm wrong.
F **Em** **E** **Am** **F#m**
Now I have faith in love instead of fear.
Dm **Em** **F** **G**
Now I have a new life, all because of having you near.

1st Chorus:

F **C**
One day – on our first day my life began again,
G7
Like water to a dry and thirsty land
C **C7**
was my first day with you.
F **C**
One day - the world can see how great your love has been.
C **G7** **C**
I never want our loving world to end after one day with you.

C **Am** **F** **C**
Love took a lonely life that lived in vain,
Em **Am** **Dm** **G**
And with her loving hands strengthened what remained.
F **Em** **E** **Am** **F#m**
Your love filled my empty heart and made me strong.
Dm **Em** **F** **G**
Your love gave me new life, and your loving gave me a new song.

2nd Chorus:

F **C**
One day – on our last day our present life will end,

G7

and loneliness may take my heart again

C **C7**

on my last day with you.

F **C**
But one day - this world will see how great our love has been.

C **G7** **C**

Our loving world will truly never end because of that day with you.

Repeat 1st chorus
