

## Footprints in the Sand

**C** **Em**  
In a dream I was walking along the sands of time  
**Dm** **Fm**  
It seemed I saw my whole life on the beach before my eyes  
**C** **Em**  
The one who walked beside me, gently lead by the hand  
**Dm** **Fm**  
Together we walked onward leaving footprints in the sand

**Am** **Em** **Dm** **Em**  
And looking back it seemed in times of heartbreak and despair  
**Am** **Em** **Dm** **E**  
I only saw a single set of footprints walking there  
**Dm** **G** **C** **Am**  
When I questioned Him beside me "Were you really always there?"  
**Dm** **Fm**  
The answer that He gave to me still echoes in my ear

### CHORUS:

**C** **Em**  
Footprints in the sand, walking side by side  
**F** **C** **Dm** **G**  
Walking on forever, with Jesus as my guide  
**F** **C** **E** **Am**  
All the times I thought I walked alone His voice so kind and true  
**Dm** **Fm** **G** **C**  
Said "the single line of footprints was when I carried you"

C  
During times of disappointment, during times of lonely tears

DmEm  
There is one thing always constant never changing through the years

CEm  
A love that's so much stronger than our very mortal frame

DmFm  
There's a love that feels our weakness and a love that stills the pain

AmEmDmEm  
And even though the storms may blow across our wind swept sands

AmEmDmE  
And even when our trials seem so hard to understand

DmGCAm  
There is a voice that whispers with a promise so sublime

DmFm  
"I am with you always, until the end of time"

CHORUS again:
