Dreamweaver 8 Special Feature - True/False

Instructions: Circle T if the statement is true or F if the statement is false.

- T F 1. To create a photo album, PhotoFlash must be installed on your computer.
- T F 2. It is required that the folder containing the images be kept in the site folder.
- T F 3. Each time you start Dreamweaver, it opens to the last site that was displayed when you closed the program.
- T F 4. If you prefer to create only a thumbnail page, then you should deselect the Create navigation page for each photo check box.
- T F 5. You can press F8 to view a page in your browser.
