## Nextar #MN2607

Please review the instructions in order to update your GPS.

First you must download the file (GPS Firmware 1.1 upgrade.dat) and save this to your computer.

- 1. Connect the GPS to the PC using the USB cable provided.
- 2. Drag the file (GPS Firmware 1.1 upgrade.dat) into the GPS (this is where all your MP3's are stored.)
  - 3. Unplug cable
  - 4. Restart GPS
- 5. Upon startup a UI will pop up asking if you want to update the firmware. press yes on the screen and the firmware will begin updating.
  - 6. Once the update has completed turn off GPS and restart again.

The upgrade is complete.
